

PROFILE

Full-Stack & Web3 Developer. Co-founder of Qlaa (qlaa.in), a live marketplace platform. Interning at SpeedoExpress building production web applications. Experienced in blockchain smart contracts, AI integration, payment systems, real-time features, and scalable architectures.

TECHNICAL SKILLS

Languages:	TypeScript, JavaScript, Python, Solidity, Java, C++, SQL	Frontend:	React, Next.js, React Native, Tailwind, Three.js, Framer Motion
Backend:	Node.js, Express, FastAPI, Firebase, Socket.io	Databases:	PostgreSQL, MongoDB, SQLite, Firestore, Neon
Web3 & AI:	Solidity, Hardhat, Ethers.js, Gemini AI, Groq/Llama, AI SDK	Tools:	Docker, Git, Linux, Razorpay, Stripe, Playwright, Puppeteer

EXPERIENCE

SpeedoExpress
— Web Developer Intern

- Building production marketing website using Next.js 16, React 19, Tailwind CSS v4. Deployed at speedoexpress.org
- Implemented pricing calculator, service showcase, SEO optimization, and WhatsApp CTA integration

2026 – Present

Qlaa
— Co-Founder & Lead Developer

- Built full-stack marketplace (React + TypeScript + Firebase) with Razorpay payments, real-time chat, Google OAuth
- Reviews & ratings, artist onboarding, role-based access, CI/CD on Netlify. Live at qlaa.in

2024 – Present

Impact Career Solution
— Co-Founder

- Top 43 Finalist out of 500+ entries at MIT Pune Startup Event. AI-powered career guidance platform

2024

Freelance Game Developer
— Roblox Platform

- Built game mechanics and scripted gameplay systems in Lua for client commissions on Roblox

2025

PROJECTS

Attestr — Decentralized Media Authenticator
React, Solidity, Hardhat, Ethers.js, Firebase, Three.js, Chrome Extension

- Blockchain-powered media verification with smart contracts, AI deepfake detection, ELA forensics, and perceptual hashing. Innovate Bharat Hackathon 2026

CodePilot — AI Coding Agent CLI
TypeScript, Node.js, AI SDK, Ink, Zod — Published on NPM

- Multi-provider AI coding assistant (Anthropic, OpenAI, Google, Ollama) with parallel sub-agents, plan mode, file tracking

CrackNIET — AI Exam Assistant Extension
Chrome Extension, Manifest V3, OpenRouter AI, Content Scripts

- Chrome extension with AI exam assistance for lamneo, HackerRank, NPTEL. Multi-layer architecture with stealth injection and BYOK model

FitTrack — AI Nutrition Assistant
React Native, Expo, Gemini AI, SQLite, Zustand

- Cross-platform mobile app with AI food recognition, barcode scanning, offline-first architecture

Amazon Scraper — Product Data Scraper
Node.js, Puppeteer, Express, Stealth Plugin

- Web scraper with anti-detection stealth plugins, resilient selector fallbacks, real-time progress UI, and CSV export

AttendEase — Enterprise Attendance System
React, PostgreSQL (Neon), JWT, Vercel Serverless

- Full-stack attendance platform with JWT auth, normalized schema, analytics dashboard. Deployed on Vercel

OmniAI — AI Content Generator SaaS
React, Firebase, Stripe, Vite

- AI-powered content generation platform with Stripe subscription payments and multiple templates

EDUCATION

B.Tech + M.Tech, Computer Science — NIET, Greater Noida

2024 – 2029

LANGUAGES

Hindi — Native · English — C1 Advanced · Japanese — A2 Elementary

ACHIEVEMENTS & LEADERSHIP

- Innovate Bharat Hackathon 2026** — Built Attestr (Team Ctrl+Alt+Diablo)
 - Top 43/500+** — MIT Pune Startup Event
 - Winner** — Le Discourse 2, Socio-political Debate (2025)
 - Winner** — Intra-College Debate on AI Ethics (2024)
- Rank 6/150+** — Techvanya 2.0 Promptathon, GLA University (2025)
 - Winner** — Voice & Verdict Debate, 1st among 54 teams (2025)
 - Delegate (Sweden)** — UNHRC MUN 2025
 - Winner** — Inter-District Table Tennis Championship (2021)
